## RED CROSS DRIVE SHOWING PROGRESS

### House To House Canvassing Is Now Under Way

L. O. Whitsell, executive chairman and Daniel O'Connell, chairman of San Mateo County War Fund drive, were in Daly City Tuesday, March 13 to stimulate activity of the war fund drive being conducted by the Red Cross which is getting off to a slow start here. However, the house to house canvassing is finally under way.

Mrs. Catherine Foreman, 35 Woodrow street, is chairman of the house to house division and expects to have her solicitors all lined up by the end of the week. Every Saturday morning a Red Cross worker will be at the Daly City branch, Bank of America, to take contribution.

Starting Thursday, March 15, collections will be taken at the Daly City theatre.

As of Tuesday, March 13, \$1,233.50 has been collected from Daly City business firms. According to A. J. Bertini almost all responded to the appeal.

In the house to house canvass Daly City people are urged to give as generously and promptly as possible so that the \$4880 quota assigned to Daly City can be met. It costs \$6 per second to carry on the Red Cross work, and surely every American should be willing to support the work to at least that extent.

With one-third of the period gone, San Mateo county has reached a third of its quota.

Mrs. M. Pauline Brown, chairman for the Colma Unincorporated Red Cross War Fund drive, stated that contributions from that district now totaled \$1250 and should reach the two thousand mark before the end of the drive. Another \$1000 is practically assured, Mrs. Brown declared.

At present writing, it does not look as if the \$2250 house to house canvass and \$750 business quota given to Colma by the Red Cross Planning commission will be reached. Returns show that Colma contributors have increased their individual donations by about 33 1-3 per cent.

The eight girls from Jefferson Union high and Mercy high, Burlingame, are doing a fine job. They have covered a large portion of the territory and their work is greatly appreciated. Mrs. Corrine Bermudas has nearly completed her house to house canvass in Garden Village. Totals will be completed by the end of the week.

Headquarters for the Colma unincorporated Red Cross War Fund drive will be continued at the Belli Motor salesroom until Saturday, March 17. After that date, until March 31, contributions may be mailed to Mrs. Pauline Brown, Box 1653, Colma, 25, left at the Belli Motor company office with Mrs. Jerry Walsh, at the Bank of America, Colma branch.

### Two Fire Calls Are Made By Local Fire Department

In the past week, two fire alarms have called out the Daly City Fire department.

Sunday, March 11, 7:05 p. m. companies No. 1 and No. 2 responded to an alarm from Box 33, motorcycle owned by Marge Kelley, 213 California drive, San Mateo, ignited due to the fact that the gasoline was spilled when the attendant at the Gilmore Service Station, Gambetta and Mission streets was filling the tank of the motorcycle.

Tuesday, March 13, 3:45 p. m. companies No. 1, No. 2 and No. 6 were called out to extinguish a fire in a house at 202 Station avenue.

### Ensign Bergquist Visits Jefferson Hi School

Ensign Mary Bergquist, very smart in her Navy blue, was a welcome visitor at Jefferson last Monday, March 5, when she dropped in for a visit during a nine days' leave in this area.

"Being in the Navy isn't glamorous," Miss Bergquist was heard to remark, "but it's very satisfying work."

Jeff's former math teacher, who has been in the Waves since 1944 and a yeoman instructor for four months at a naval training school, has had ample opportunity to form an opinion of the service. Her enthusiasm was genuine.

Equally genuine was her enthusiasm at meeting old friends at Jeff. "It's certainly grand to come back and see everyone again," she exclaimed.

### Local Man Is Released From Jap Prison Camp

Coming as most welcome news to Mrs. Thomas Costello of 135 Acton street, Daly City last week was the announcement that her brother, Benjamin F. Edwards was one of the civilians released from Japanese prison camps in the Philippines by American soldiers recently.

Edwards was an employee of the Pan-American Airways when the Japanese invaded Luzon, and Mrs. Costello, who had read the names of other Pan-American employees in recent lists of liberated prisoners, was anxiously awaiting word of him, when news came of his release.

He was one of four prisoners who had escaped from the camp, and led the American soldiers and Filipino guerrillas on their rescue trip.

Another sister from Chicago, Ill., expects to arrive in Daly City soon, so that Mr. Edwards can be given a real home coming welcome when he arrives in this country.

Mrs. Costello said this week that she has been deluged by telephone calls during the past few days, from relatives of other prisoners, anxious to learn something of them.

### Protect Yourself In Case Of An Auto Accident

There are six things to do if you should have an automobile accident, admonishes the Legal Department of the National Automobile club. Failure to do any of these six things may result in illegal action on your part, and further injury to the other parties involved.

1. Stop at once and give all the help you can to anyone who is hurt.

2. If any person is hurt or killed, call the local police, sheriff or California Highway patrolman, at once.

3. Give anyone else in the same accident your address and name, and show him your driver's license and registration certificate.

4. Make a full report of the accident in writing, to the Department of Motor Vehicles or to an office of the California Highway patrol, within 24 hours, in case of injury or death of anyone involved.

5. If you hit a parked car, or damage property, and the owner is not there, make an effort to find him.

6. If you can not find the owner, leave a note in the driver's compartment or under the windshield wiper, in which you have stated your name and address and the name and address of the owner of the car you are driving. Notify the police, sheriff or California Highway patrol within 24 hours.

### The Reardon Case Is Continued

At a hearing Tuesday, March 13, before Superior Court Judge Schottky at Redwood City the case of Chief of Police James G. Reardon vs. the City of Daly City was given further probing.

In the absence of City Attorney Hoffmann, who was unable to attend, Attorney Coleberd presented the city's side of the case and Attorney O'Connor represented Reardon.

Coleberd asked for a continuance so he could submit authority on Reardon's earnings while not on duty. Judge Schottky allowed five days continuance of the case.

Even with the five days continuance the matter should be cleared up within at least two weeks.

### Inhalator Called For Archie Banfield

The police department received a phone call Sunday, March 11 at 7:29 a. m. requesting the inhalator be sent to 180 Los Olivos avenue immediately because W. A. (Archie) Banfield, former punman of Daly City, was having great difficulty getting his breath.

E. Bertelli and Allen Brush responded with Company No. 1 truck and the inhalator. Dr. William C. Lynch arrived shortly and ordered Banfield be taken to Mary's Help hospital. He was then rushed to the hospital in the county ambulance by Bertelli and Brush.

According to the family he had a very bad case of sore throat and a tube had to be inserted in his throat in order that he could breathe. He is improving rapidly.

Mr. Banfield's mother wishes to express her thanks to the Daly City Fire department, Police department and Dr. Lynch for the services they rendered.

### Many Pay Fines At Traffic Court

The following persons paid fines in Daly City traffic court, Friday, March 9:

William Hannan, disregarding signal, \$2.50; Gonzalo Legorretta, arterial stop, \$1.50; Neil Peterson, speeding, \$20; Sol Abrams, speeding, \$5; Haldane Fischer, speeding, \$5; Paul Gambino, signal, \$2.50; Roy Heist, arterial stop, \$1.50; Edwin Marshall, speeding, \$2.50; Archie Rozzi, arterial stop, \$1.50; Paul Sanguinetti, mufflers, \$2.50 and G. Scialania, signal, \$2.50.

T. Themo and J. L. Rose each paid \$1 for overnight parking.

### Promoted

Private William W. Wheeler has been promoted to sergeant and is assigned to Company A, 3rd Battalion, 23rd Regiment, California State Guard, Daly City.

## "FULL HOUSE" MONDAY NIGHT FOR CITY DADS

### Ethel McKay Wins 'Idea for Victory' Check

Ethel McKay, Daly City war worker who is manning a battle station at Fort Mason, finds that ideas which speed Army Transportation Corps operations pay dividends.

Miss McKay, whose home is at 166 Peoria street, recently received a \$75 "Idea for Victory" check, her second in three months. The first was for \$50. With each went a certificate of commendation.

Major A. B. Evans, director of personnel, San Francisco Port of Embarkation, presented the \$75 check at a special ceremony attended by 1100 port workers. Fellow workers of Port Transportation division then presented Miss McKay with a corsage of orchids.

The suggestion which won her the award eliminated need for two workers, permitting them to be transferred to other vital posts at San Francisco Port of Embarkation. Her earlier suggestion reduced the job load by one worker.

### BEWARE - - -

The U. S. Secret Service this week urged that all mail boxes at homes receiving government allotment and allowance checks be equipped with a strong lock. Also that where possible some member of the family stay home to receive these checks when due.

Reason—each year thieves steal and forge thousands of these checks. An open mail box is an invitation to these thieves, Secret Service officials said.

### Missing In Action

Among Merchant Marines listed as missing in action this week was James N. Warren, ship's carpenter, whose wife, Marah, lives at 1137 Hanover street, Daly City.

### New Appointee At Community Hospital

Appointment of William Smith as business manager of Community hospital was announced this week in Redwood City by Dr. Charles C. Gans, director of the San Mateo County Department of Public Health and Welfare.

Smith replaces Eugene A. Clapp, who died last week.

### Killed In Action

Among the names released by the War department as casualties are two Daly City men, Private First Class Adolph J. Negri, 66 Partridge lane, killed in action in the European area and James M. Warren, 1137 Hanover street, missing in action.

### Council Appoints Assistant For Building Inspector

The Monday night, March 12, meeting of the Daly City council was the first one in many a moon at which all members were present; and, before the regular meeting got under way, John Craig was sworn in by City Clerk B. C. Ross.

Following the regular routine matters such as reading of minutes of the last meeting, sanitary report, gasoline consumption reports for the various departments, etc., some open discussion was given to the ambulance matter, a subject that has caused considerable disturbance at the meetings for the past few weeks.

It was stated that the ambulance is operated on an agreement between the Volunteer Firemen and the County of San Mateo, the county paying the men on ambulance service directly from county funds.

The city building inspector asked the council for an assistant, since the new Edgewood Terrace subdivision would greatly increase the duties of his office. Fire Chief Chesney was appointed by the council as assistant building inspector at a salary of \$75.00 per month.

Already concern is being expressed by school board members concerning the problem Daly City will have on its hands when Edgewood Terrace's 210 new homes are fully occupied. At present Woodrow Wilson school is too full to accommodate pupils from the new subdivision.

It was requested by a member of the school board that some way be left open through the tract for the pupils to use in going to Crocker school, that being the only school able to handle more pupils at the present time. If some street or walk-ways were left open through the tract to streets leading to the Crocker school it would greatly facilitate the matter of children getting to school.

Following the discussion on this school matter, a bid for the new city well was read. J. M. Pitcher was awarded the contract for the well, and although the bid was probably ten per cent higher than for a similar well in 1941, present costs of materials have shown about the same increase and priorities must be arranged for well in advance of construction.

### "More Donors" Is Plea Of Red Cross

A request for seven adult Daly City blood donors was made today by Mrs. Ruth Morris, local chairman for securing donors. She announced that reservations for this trip must be made by Saturday, March 31. Phone DElaware 6435.

At least six people must sign up for the trip if the Red Cross is to send a station wagon to take the group to and from Daly City. The prospective donors will leave Daly City at 8:45 a. m. from in front of McGraw's pharmacy, 6300 Mission street.

Donor dates set for April include April 7, 12 and 21. Since the local sponsorship began in December 40 people have given blood at the San Mateo headquarters.

Beginning April 1 the center has been requested to furnish sixty additional pints of blood per week over and above the present quota.

Thursday, March 8 the following local residents were donors at the Red Cross center: Mrs. Elsa Peterson, first donation; Mrs. Henry Nelson, first donation; Louise Cooper, first donation; Verna Kaufman, first donation; Gladys Nichols, first donation; Inez Jones, second donation.

## "OFF THE BLOTTER" - - -

Police Judge William J. Sweeney got his name on the police blotter Saturday. When Mrs. Salvatore Nastari, 6819 Mission street, reported at the station that a dog belonging to the judge had broken her cat's leg.

Seaman Harry F. Orr, Tanforan, according to Mrs. Audrey Poli, of 515 Vista Grande avenue, attempted to choke her while he was walking home with her early Thursday morning. She broke away from him and ran in to 100 Vista avenue, from where a call was made to the police. Mrs. Poli did not prefer charges, and Orr was turned over to the Shore Patrol.

Another seaman was apprehended by police March 7. Officer Walsh found him going through parked cars at Templeton avenue and Mission street. He had a carton of cigarettes, which he cast aside as he dashed off with the officer in pursuit. He was captured at Sickles avenue after a run down Huron street, and released to the Shore Patrol as A. W. O. L. since November, 1944.

Chickens figured strongly on the police menu this week. A. Molinari, 88th and Sullivan avenue, called the station to report two dogs had killed some chickens. Chief Bolger and Officer Hopman found several chickens dead and two dogs in the chicken yard. The poundman was called, and police reported that the owner of the dogs had called upon the owner of the chickens and they came to an amicable settlement.

The resident at 683 Templeton avenue phoned the police department that someone had entered the rear yard and stolen a chicken. Two boards were pulled to gain entrance. Neighbors said they saw someone going through the lot and up Alexander avenue.

On March 11, Mrs. Bessie Brooks, 273 Mastick street, San Francisco had parked her Studebaker sedan in front of 65 Mission circle, the car ran down the street striking and setting in motion a Ford sedan belonging to Attilio Giusti, 27 Hillcrest drive, causing it to back down Mission circle to Hillcrest drive and knocking down two posts at Hillcrest drive and Vendome avenue where it finally stopped. Mrs. Brooks was given a tag for improper parking on a hill.

Daly City branch, Bank of America's alarm sounded on March 11. After investigation it was decided the alarm was caused by a short circuit.

### Royal Neighbors Help Entertain Servicemen

Serving as hostesses at the Daly City Servicemen's club, 6201 Mission street for the week of March 11 to 17 are members of Vista Grande Camp No. 6035 Royal Neighbors of America.

The club is planning to serve a spaghetti dinner once a month to the boys because the last dinner was such a success and appreciated so much. About 100 boys enjoyed the dinner which consisted of spaghetti, cakes, pies, chips, hot french bread, relishes and candy.

A donation was received from Mrs. Martha Wegner this week.

Daly City Post No. 410, American Legion, will serve as hosts at the club for the week of March 18 to 24 inclusive.

## Rare Film Fare For D. C. Theatre

There'll be a hot time at the Daly City theatre starting Thursday with the new technicolor musical "Belle of the Yukon." Gypsy Rose Lee, the author, plays the lively and worldly wise dance hall queen in the picture's title role. Not to mention Bob Burns, Randolph Scott, and Dinah Shore. To balance out a swell double bill "The Man in Half Moon Street" brings spine-tingling thrills.

Sunday brings the hilarious comedy "The Doughgirls," with Ann Sheridan, Alexis Smith, and Jack Carson. The Doughgirls is a screamingly funny hodge podge of three married couples and their adventures in the suite of an overcrowded Washington hotel. Laughs are always welcome here, and the Doughgirls do their darndest to bring them to you. "Till We Meet Again," the companion feature on Sunday's bill, co-stars Ray Milland and Barbara Britton. This powerful adventure film describes an American aviator's escape from occupied France through the French underground.

Wednesday's show gives with Ann Corio in "Sarong Girl." It stars the real queen of the girl shows in a tuneful riot of laughs and kisses. Roy Rogers, "King of the Cowboys," is the other feature for the Wednesday bill in "Lights of Old Santa Fe."

The doorman sez—contribute generously to the Red Cross. Help them do their biggest job.

drive, the students of Room 3 are responding enthusiastically. Already nineteen pupils have reached their quota or over.

The students of Room 4 have a chart called "Citizenship Flight" which causes much interest as the students watch the airplanes advance each week.

The pupils of Room 6 were shown an interesting film during a recent social science period. This film "Reforestation," showed how young trees were planted to replace those carelessly cut down or destroyed by fire. It correlated with the unit "Natural Resources and How to Conserve Them."

### AT JEFFERSON

This week our current paper drive seems to be the topic of greatest interest to our primary children. Miss Gannon's class is leading in the race as usual. The combination of patriotism and the reward of a half hour earlier dismissal on Friday for the primary children bringing in a pile of paper, two feet thick, and for the elementary a pile three feet thick seems to be the perfect incentive.

The third and fourth grade room is leading in the race as usual.

On Tuesday pupils in the sixth grade put on a quiz program with questions dealing with Egypt and its beginning. Kenneth Willbanks and Earl Trochi alternated as Dr. Quiz.

The third grade is thoroughly enjoying its unit on the policeman. The discussion on police patrols, such as one would find along the piers and wharfs, led to the consideration of various types of boats, canoes, sailboats, motor boats and steamships. The child-

ren followed up their discussion by drawing some excellent, colorful pictures of these boats. These pictures have been placed around the room with others dealing with the "Policeman Unit."

### AT PERSHING

The fourth grade of General Pershing school entertained the mothers and friends of the P. T. A. with the following program:

"Our Health Pledge," girls of low fourth.

Song "Vitamins," by class.

Recitation "Kindness," girls of high fourth.

Song "Choice of Colors," girls of high fourth.

Recitation "Our Task," boys of high fourth.

Song "Shoo-Fly," by class.

Recitation and piano solo, Joan Derrick.

Piano solos: Arleen Pool, "Beautiful Dreamer;" Betty Miller, "Melody;" Barbara Peter, "The Elf and the Fairy."

"That's An Irish Lullaby," closing song by class.

Jean Eliassen welcomed the ladies and announced the program.

Our room mother, Mrs. Doherty and her committee served delicious cake to the children.

Parents and teachers also enjoyed the coffee and cake.

Mrs. Sam Miller and her baby Joyce were very welcome visitors. Mrs. Miller is the former Ruth Smith, a teacher in our district and a graduate of General Pershing school.

### AT WOODROW

As an outgrowth of the study of varied types of letters in Room 4 the business letters of James

Schultz and Dorothy Cady were forwarded to the California Conservation council and the National Wildlife federation for material applicable to the class unit on Conservation of Natural Resources.

The children in Room 8 are studying the Middle Ages as their unit.

On March 5 they saw a movie called "Turkey, Urban Life."

The sixth grade is learning the history of the peoples of Mesopotamia or "the land of the two rivers." We listed their gifts to civilization which included sundials, water clocks, libraries, banking, irrigation and a system of weights and measures.

The class of Room 12 saw an interesting film on the making of bread from acorns. An Indian woman demonstrated all the steps. It was especially interesting to see the crude implements that she had to use. The class was divided in opinion as to whether they would enjoy acorn bread.

The pupils in the high fourth are studying the shape of the earth, learning what causes day and night and what lengthens and shortens shadows.

The children of the high fourth and low fifth saw a very interesting film called "Acorns to Bread." The film showed how the Indians made a bread cake from acorns. The children discovered that to make bread was a long and tedious task.

TRANSLATING the romantic French peasant bonnet into modern style idiom, designer Laddie Northridge created the high crown straw which CBS actress Henny ("Two On A Clue") wears models in delicate bonnet on pink with accented black veils and grosgrain trim.

## Seals' Prospects Look Good For The 1945 Season

Daly City baseball fans, who might be interested in the prospects of the San Francisco Seals in the coming Pacific Coast League campaign could do worse than visit Seals Stadium at least once over the coming week-end.

Saturday the Seals cross bats with Hamilton Field Army Flyers, a colorful combine of former major and minor league players, headed by two Joes—Joe Gordon, erstwhile New York Yankee who pilots the team, and Joe Marty, former Chicago Cub. Last Sunday the Flyers walloped an Oakland rookie nine, 7 to 2.

Sunday the O'Doulmen battle the Alameda Coast Guard, another of the Bay Region's top class service nines. Both games get going at 2:15.

Last week-end the Seals broke even in their first two practice games of the 1945 season, burying the Maritime Service nine under an 11 to 4 score Saturday, and dropping an eleven inning thriller to Moffat Mantecas Sunday 2 to 1.

Judging by their work Sunday, the Seals have at least two good moundsmen in the persons of Ken Brondell, secured from the New York Giants, and Joe Knowles, Piercey, a lanky southpaw from Salt Lake City. Both kept the star-studded bats of the Moffatts fairly impotent, and with a little better support at bat and in the field, either could have turned in an easy victory.

Seal bats were held in check by two major league hurlers, Marino Pieretti of the Washington Senators and Emmett O'Neill of the Boston Red Sox. O'Neill singled Joe Orenge across the plate with the winning run in the 11th. The other Moffatt run, scored off Brondell in the 4th, came as the result of three consecutive b a d throws to first base by Johnny Cavalli, Seals third baseman.

The Seals collected their run in the opening canto on singles by Neill Sheridan and Ben Guintini and Bill Enos' outfield fly.

### DIMES FOR MANILA

A move has been inaugurated to raise funds for the rebuilding of Manila which the Japs have so ruthlessly blasted.

This proposal is certainly worthy of our support. American aid in the rebuilding of the Philippine capital would be an impressive token of our appreciation for the dauntless courage and determination of the Filipino people who stood side by side with our troops in resisting Japanese aggression.

Such a gift would further cement the bond between the two countries and give added evidence of our desire to help the Filipinos regain the place they held before the war and to attain a more prosperous and progressive standard of living.

If the people of California respond as readily to this cause as they have to other worthy appeals—and there can be no doubt that they will—the rebuilding of Manila will be greatly speeded.

## Forgotten Favorites

These days, when meals aren't everything they used to be, a little ingenuity in the kitchen goes a long way. For new variety in meals . . . we suggest these old-time favorites. You know, sometimes there's nothing as new as an old forgotten recipe.

### HOMEMADE NOODLES

1 1/2 cups all-purpose flour  
1 tsp. baking powder  
1/2 tsp. salt  
1 egg  
2 tbsp. water

Sift flour, measure; sift again with baking powder and salt. Beat egg slightly in bowl. Alternately add flour mixture and water, working in all flour. Place on lightly floured board and knead one minute. Roll dough paper-thin, roll up as for jelly-roll; cut in 1/4-inch widths. Unroll and shake out, separating well. Drop into rapidly boiling liquid; cook uncovered 20 minutes until tender, keeping liquid at a rolling boil during entire cooking period. Serves 6. Note: The noodle roll may be wrapped and stored unsliced in refrigerator.

Note: To carry out a St. Patrick's Day color scheme, 1 cup finely cut parsley may be added to flour.

### BREAD PUDDING

3 cups milk  
3 cups soft bread crumbs  
3 eggs  
1/4 cup sugar  
1/4 tsp. nutmeg  
1 1/2 tps. grated lemon rind  
1/4 tsp. lemon extract

Pour milk over bread in large bowl and let stand about 20 minutes, or until bread is well soaked. Add egg yolks, 1/2 cup of the sugar, nutmeg, and lemon rind. Beat with rotary beater until thoroughly combined. Pour into well greased 1 1/2 quart baking dish or individual custard cups. Bake in pan of hot water in slow oven (325° F.) 1 hour and 20 minutes if in baking dish, or if in individual custard cups, bake one hour, or until almost firm to the touch. Remove from oven and the pan of hot water. Top with meringue made by beating egg whites until just stiff; add remaining 1/4 cup sugar, gradually, beating well after each addition; continue beating until mixture holds peak; add flavoring. Bake in moderate oven (350° F.) 15 minutes, or until meringue is brown. Chill. Serve with spoonfuls of jam or jelly. Serves 6.

## State Guard Needs More Recruits

The following plea has come from Lieutenant Milton J. Mayor, Co. A, 3rd Bn., 23rd Regt., State Guard, Daly City:

"The local State Guard company is in need of local citizens, returning veterans of this war and young men who are awaiting induction. Many volunteers are the fathers and brothers of men who are now over-seas. Solid citizens already engaged in the war effort as skilled mechanics, or war workers are joining the new State Guard. These men feel that they are taking a part in providing military protection of their own community. Men from 18 to 64 are needed."

The following are quotations from Brigadier General Victor R. Hansen's speech before the Federated Trades council:

"Too many think that this local security is provided by the Army troops that seem so conveniently available. Few people realize that the Army's designated mission, at all times, is to guard and protect our continental boundaries against enemy attack from without. That is the Army's primary purpose; national defense. Federal troops are not designed for local security and can only be used for that purpose in the most extreme emergency."

"We, as citizens, have no right—moral or legal—to hope or expect our Army to be concerned with local security problems. Local security is the responsibility of each community and it borders on patriotic sacrilege for citizens to shun this duty of being prepared to handle a local situation in their own community."

"The new California State Guard is a fine organization made up of fine people... people of the community who have a deep interest in the welfare and security of homes and families. Citizens—like you and I—who come from many and all walks of life

## Mrs. America Meets The War - -

Perhaps you're still wondering why it was necessary to raise the point values of so many meat items this month, and put back on the ration list some which had been ration free. The answer is simple—there just wasn't enough meat available to take care of the demand at the lower point values.

Until the first of April, at least, our fighting men and women will get one out of every four pounds of meat. And this amount will come out of supplies which haven't come up to early estimates. The result is that civilians will be getting five to six pounds less meat per person than at this time last year.

You'll be glad to know that our more than five million troops overseas are getting plenty of fruits and vegetables, too. Naturally, since we can't send them fresh produce, the canned variety is being shipped—forty-one percent of the 1944-45 pack in fact.

The higher point values on peaches, pears and pineapple this month are designed to see that your family gets its fair share of what's left here at home. The point values of canned tomatoes also were raised, to slow down buying so that our dwindling supply will last until the new pack comes in.

Our supply of canned apples and applesauce, however, is larger than last year, so it was possible to lower the point values on them.

A No. 2 can of applesauce, for example, now requires 10 blue points instead of 30.

With the prospect of less canned fruits and vegetables, victory gardens will be more important than ever this year. So dig out your seed catalogue and make plans for spading the ground for your garden.

It's a good idea to have everything ready—seeds, fertilizers, and tools—before the season opens, so you won't have to waste good gardening weather doing last-minute shopping. Good timing in planting, good seed, fertile soil, protection from pests, and the proper amount of moisture will all contribute to a successful, productive garden.

Would you like to do something a little bit out of the ordinary in your victory garden? Ever think of growing a few herbs? The imaginative cook will welcome herbs—fresh or dried—for flavoring.

You could set aside a small corner of the lot for such plants as parsley, chive, mint, sage, oregano, thyme, to mention a few. The apartment house dweller can grow herbs successfully inside the house. Planted in bright pots, they make attractive decorations for the kitchen window sill.

## Bright Contrast

**SOFTLY SUITED** for early spring, CBS actress Augusta ("Aldrich Family") Dabney introduces a new and dressier style of fabric plots. Under the fitted, bright red wool jacket designer Ariane Mireau has created an illusion of skirt swing with a black crepe bias-printed in graduated floral white stripe. At the back of the jacket's fitted hipline, the v-shape front detail repeats the individualistic dressmaker line. (From Milton Saunders, Inc., New York City.)

## Canning Sugar To Be Available

Although Mrs. America will not be allowed quite as much sugar for home canning as last year, she can get 20 pounds for each member of her family, up to a maximum of 160 pounds. One pound of sugar will be allowed for each four quarts of fruit or fruit juices to be canned. And only five pounds of the 20 pound maximum allowance for each person can be used for canning vegetables and for making jams, jellies, relishes, catsup.

As a matter of fact, we have about the same amount of sugar available for home canning this year as last—700,000 tons. However, the amount of sugar actually bought last year with home canning stamps and coupons exceeded those 700,000 tons by about 300,000, which were drawn from the supplies for normal home use. A great part of that excess buying was done with ration stamp 40, the home canning stamp, with which anyone could purchase five extra pounds, regardless of real need.

Sugar is too scarce this year for us to risk an over-issuance again. That's why the 1945 program will make home canning sugar available only to those who apply for it and show need for it.

Here's how you will go about getting your home canning sugar: Ask your local War Price and Rationing Board to mail you an application (OPA Form R-341) or stop in at the board and pick it up in person. Fill out the form and attach to it a "spare stamp 13" from War Ration Book Four for each member of the family covered in the application. Mail it, or take it in person, to the board.

The board will decide, on the basis of the application, how much sugar you're permitted, and then will issue coupons good for five pounds or one pound each. The coupons will be good through November 30, 1945, but applications will not be accepted after October 31.

A word of caution—the periods during which coupons will be re-issued will vary in different areas. Each OPA district office will determine the dates for its district, on the basis of the canning season. In the sixteen coastal counties of the San Francisco district the date for acceptance of applications has been set at April 15, and actual issuance of rations will begin May 1.

## This Is Marble Pie

—By Frances Lee Barton—

**M**ARBLE cake is an old favorite. But have you ever served a marble pie? If not, you have a surprise in store for your family and your guests.

The recipe is simple—very, very simple. Your little daughter could make such a pie—and she would not even have to bake it. Sounds too good to be true? Well, here's the recipe:

### Marble Pie

1 package prepared chocolate pudding; 1 package prepared vanilla pudding; 3½ cups milk (1¼ cups per package); 1 baked 9-inch pie shell.

Prepare puddings as directed on packages, reducing milk in each recipe to 1¼ cups. Cool to lukewarm. Put by tablespoons into cold pie shell, alternating light and dark puddings. Then with knife or spatula, cut through filling in wide zigzag course; repeat in opposite direction. Chill.

## The Need Is Great for Used Appliances

**W**HILE you're house cleaning or rummaging around in closets, basement or garage you may discover some idle, usable or easily repairable appliances. If you are not using them why not swap or sell them?

We have set up in our local offices a clearing house service for appliances. Here you can list the appliances you would like to sell or swap. Here also other customers list their needs for certain appliances. After this, buyer and seller deal with one another.

Use this free listing service and do a wartime "good deed" by helping some young or hard-working wartime family get appliances they desperately need but cannot buy elsewhere.

## An Old Favorite

—By Frances Lee Barton—

I don't know where it got the name. There is no "Johnny" in it.

But it has been a favorite treat since days of wig and spinet. It makes one think of Southern cooks' perchance of Northern miners.

Of Pilgrim Mother's luscious meals; Of Western Forty-Niners. It's "universal" Johnny cake. A dainty dish undying. So here's the recipe for you—It's certainly worth trying.

### Johnny Cake

1 cup sifted flour; 2 teaspoons double-acting baking powder; 1 teaspoon salt; 1 cup yellow corn meal; ¼ to ½ cup sugar; 2 eggs, well beaten; ¾ cup milk; 4 tablespoons melted shortening.

Sift flour once, measure, add baking powder, salt, corn meal, and sugar. Combine eggs, milk, and shortening. Add to flour mixture, stirring only enough to dampen all flour. Turn into greased pan 9x9x2 inches, and bake in hot oven (400°F.) 30 minutes, or until done.

## 1/2 IS A LOT WHEN YOU CUT A CAKE—

... 1/2 is a lot to cut loan costs, too

● Yes, in personal loan costs, a saving of 50% can amount to quite a bit. Remember that when you borrow. Remember, too, that the cost of a Bank of America Timeplan personal loan, repaid at maturity in 12 equal monthly instalments, can be as much as 50% less than the cost of a similar loan arranged through many lending companies... and there are no other charges... no deductions.

You need not be a depositor to avail yourself of this bank's prompt, friendly loan service. Here you may borrow for any purpose. A Timeplan auto loan may be made on your car whether it is fully paid for or not. The branch in your neighborhood will welcome your loan application.

## NEWS OF OUR MEN and WOMEN IN UNIFORM

Pictured above is Staff Sergeant Paul A. Tolovi, 41 Theta avenue, now in Belgium with the "Battle Babies."

He is preparing to open the cover of his snow-covered trailer. Sergeant Tolovi is a graduate of Jefferson high where he was active on the football team.

Corporal Lawrence J. Forest, son of Mr. and Mrs. A. Forest of 599 Niantic avenue, Daly City, has been assigned to the AAF Training Command Radio school at the Sioux Falls Army Air Field, Sioux Falls, S. D., for training as a radio operator-mechanic. Upon completion of a 26-week course, he will be fully trained to take his place as a member of a highly skilled bomber crew of the Army Air forces.

Corporal Forest graduated from Jefferson Union High school in June, 1942 where he participated in football, tumbling and tennis. He entered the armed forces on December 30, 1942.

With The Army Air Force Engineer Command in Italy — Private First Class Charles Henrics, of 1081 Brunswick avenue, Daly City, recently received the Good Conduct Award for exemplary behavior and superior performance of duty in combat areas.

Henrics left his position with Herford Sharon to join the service in August 1942. After receiving his basic training at Geiger Field, Washington, he was sent overseas, and has seen two years active duty in Africa, Sardinia, Corsica, France and Italy, and wears three battle participation stars on his European-African-Middle East campaign ribbon.

Private Henrics is with an aviation engineer unit which builds airfields for Allied air power in Italy. His duties are many and varied, one of the most important to the men of the unit, is to see that there is ample stock in the Mess Supply room. That is a very difficult task overseas, particularly with a unit which is on-the-go much of the time.

Private First Class John W. Kittrell, nephew of Mrs. Louise Barnard, 259 Los Banos avenue, has been reported as wounded in the European area in a recent Army casualty list.

Sad news has come to the home of Mr. and Mrs. Joseph Conlon, 462 Templeton avenue. Their son, Sergeant Joseph Michael was killed in action on February 16 in the Southwest Pacific area, according to official notice received here. The 21-year-old Burlingame High school graduate was tail gunner of a 75 Bomber Squadron.

Mr. and Mrs. William P. Bolger, 43 Risel avenue, received word from their son Corporal Richard G. Bolger who is serving

with the 27th Marines, Fifth division, on Iwo Jima. He wrote that he is well but slimmer.

His letter was dated March 1.

March 1, 1945

"Dear Sir:

"Have been receiving the Record. Sure enjoy reading about the ol' town once again.

"Have been out here 13 months. We made our first stop in Melina Bay, New Guinea, then to Hollandia in Dutch New Guinea. Now we're in the Philippines. I met H. H. Smith Jr. We had quite a bit to talk about. So many changes have taken place in Daly City. There have been so many improvements made.

"I enjoy reading your column of men and women in the service. There are so many I wondered about. What they were doing and their whereabouts. Boy, we've scattered all over the world.

"We've been pretty busy out here. The supplies and materials are sure coming out here. We've never been short or had to wait. This is a great credit to the home front.

"So far we've been pretty lucky. Had a single plane attack on our convoy coming up here. No damage done though.

"Guess that's about all. Hope to see this thing over this year. I have a son I haven't seen yet.

"Yours truly,

"Norbert A. Pfeifer, SF 1/C

CAMP BARKELEY, Texas (Special)—Among those who recently received commissions as second lieutenants in the Medical Administrative corps at the Camp Barkeley Officer Candidate school graduation was Henry C. Suenderman, 35, son of Mrs. Leota Suenderman, Colma. A graduate of the University of California, Lt. Suenderman entered the army in May, 1943.

The graduation completed four months of training for the men commissioned in Class 39. Courses of instruction included medical administration, supply, organization of the army, sanitation, first aid, chemical warfare, tactics, training and logistics. Throughout the course, special stress was placed on the development of physical stamina, which was climaxed by a week-long field problem that gave the candidates practical experience in solving tactical situations under simulated combat conditions.

During training, each candidate was given the opportunity to prove his ability to command and handle troops. Acting company and platoon officers and non-commissioned officers were chosen from the ranks twice each week. This helped them attain proficiency in close order drill and command presence as well as affording the commissioned officers more chance to observe them individually.

Each of the new officers has been granted a ten-day leave prior to reporting to his new station for assignment.

## A Quick-Frozen Tasty

By Frances Lee Barton

GRANDMOTHER never had our opportunity to enjoy the out-of-season fruit and vegetable dishes that modern quick-freezing has made possible.

But even we have just begun to realize what may be done with these frozen tasties. We don't have to limit ourselves to these foods "as is." They too, may be turned into "surprise" desserts. For instance, try the following recipe on your next shopping day:

### Fruited Gelatin

1 package raspberry-flavored gelatin; 1½ cups hot water; 1 package (1½ to 2 cups) quick-frozen mixed fruit, frozen.

Dissolve gelatin in hot water. Add frozen fruit. Stir several times to break up fruit. When fruit has thawed (in about 20 minutes), turn into large mold or individual molds. Chill until firm. Unmold. Serve plain or with cream or custard sauce. Setting time: about 55 minutes. Makes 6 to 8 servings.

## Mrs. O'Rourke Announces Success Of The Treasure Chest Drive for Books

Mrs. Jean O'Rourke, chairman for the Treasure Chest fund in Daly City, announces that the drive was a success. The total amount collected was \$30. This money will be used to purchase books for children in the war-torn countries of Europe and the Orient as they are released from Fascist domination.

Chairman O'Rourke wishes to thank the P. T. A.'s of the grammar schools, the Girl Scouts, the students of Jefferson high, and all patrons of the Daly City library for their contributions.

## Daly City Juniors Drop Two Games

Daly City Juniors, who had won several games recently by lopsided scores, found their rampaging bats stilled and their win streak ruthlessly snapped by a trio of Bear Photo hurlers Sunday at Marchbank diamond, as the Photo lads took two decisions over the locals, 2 to 0 and 3 to 1.

As a result the series between the two clubs, scheduled to be a best two out of three affair, was abruptly terminated.

In the first game, Joe Majorau, former Seal rookie, set the Daly City boys down with two hits, and in the second game, Joe Orlando and Bob Finard collaborated with a three hitter.

Bob McGovern and Walt Lister jr. hurled the two games for the losers, their pitching only slightly less effective than that of the winning chuckers.

## Birthday Dinner For American Legion

Daly City Post and Unit No. 410 American Legion are having their annual birthday dinner Saturday, March 17 at Legion hall.

Julia Jordan is chairman and will be assisted by various members.

## Teen-Agers Thank All Contributors

The student committee of the Teen-Age club wishes to thank all those who contributed their spare furniture to the club. Plans for the lounge, which will be done in Mexican style, can now be completed.

The committee also wishes to announce that any high school student living in Daly City is welcome to attend the Friday evening dances. If a student does not have a card he may obtain one at the club.

Keep Red Cross at his Side!

## THE OBLIGATION OF EVERY AMERICAN

Giving to the Red Cross is an obligation—and a privilege—because the Red Cross is YOU. It is supported entirely by voluntary contributions. If you want the Red Cross—and you do!—you must support it.

To our men in uniform, the Red Cross is a precious gift from home... blood plasma to save life... sweaters and socks, cigarettes and other little comforts lovingly donated... a smile from an American girl in a lonely land...

To the boy in an enemy prison camp it's the life-saving packages and letters delivered behind barbed wire...

To the hungry, the sick, the wounded, everywhere, the Red Cross is a tangible expression of the warm, compassionate heart of America...

To you, the Red Cross is a personal representative to suffering humanity and to your men in the armed forces.

GIVE NOW—GIVE MORE!

## IWO JIMA

With American Marines now firmly established on Iwo Jima, Emperor Hirohito can almost feel the hot breath of an avenging enemy blowing down his royal neck.

This time it isn't possible for the Japs to laugh off their defeat with the claim that the territory taken by our troops is of no real importance. Next to the Japanese homeland itself, we have landed on the spot that hurts the most.

When American superforts are able to use the island they can hit Tokyo with much heavier bomb loads than formerly, since the amount of gasoline necessary for such a trip will be cut in half. Medium bombers will also be able to make the trip and our long range fighters can provide escort protection. The Nips are also deprived of Iwo Jima as a base for their own fighter planes which were able to attack our B-29s going to and from the Japanese capital.

This latest hop toward Tokyo reminds us that three years ago at this time the military shoe was on the other foot. Singapore had fallen in mid-February and everywhere in the Far East Allied troops were retreating before the surge of the little yellow men.

Even as recently as a year ago we had penetrated only the outer fringe of Japan's stolen empire. At that time, in February, 1944, we made our first attack on Truk. Take a look at the map and you'll better appreciate the progress made in the past twelve months.

The presence of our forces on Japan's front door step doesn't mean that the war in the Pacific is all but finished. Every step nearer Tokyo is a much harder step.

America's full effort—physically and spiritually—is still absolutely necessary. Victory will come, but it must be fought and prayed for.

## EASTER PARADE

Easter is still weeks away. But already the line is "forming to the right" for the traditional Easter parade.

Naturally there will be less emphasis on new clothes this Easter. America's big job today is winning the war. Everything must be secondary to that. But the morale-building effect of a few new clothes cannot and should not be ignored.

The feminine heart is eternally thrilled by a new dress, and the masculine chest invariably expands when a man "breaks out" with a new suit. These emotions give men and women a lift that enables them to return to their war jobs with renewed energy and enthusiasm.

To most persons Easter comes on a certain Sunday each year—this year on April 1. But to the merchants who must supply the clothes for the occasion, Easter begins long before the actual day. It takes the retailer months of working and planning to have ready at the right time the well known Easter bonnet and all that goes with it. Of course, this year his supply will not be as extensive or varied as formerly, but the best clothes available under existing conditions will be on his shelves.

Let us hope that at Eastertime in 1946, the men and women whose war service makes it possible for us to observe this day in safety and comfort will be with us once again to join in the Easter parade.

## \$200 MILLION INDUSTRY

California, it is predicted, will account for one-fifth of America's postwar synthetic rubber output. This would mean a California volume worth about \$200 million annually. And that's plenty in any man's league.

In spite of many new uses for rubber which have been developed during the past four years, the greatest postwar need will undoubtedly be in the field of motor transportation. The pent-up demand for new tires has reached an enormous figure and is steadily rising.

More than 70,000 new items have been developed by the rubber industry since the war broke out, and it is said that half of them would not have been possible without synthetic rubber.

Peacetime requirements should enable California rubber production to "bounce back" from the eventual let down in war demands for rubber goods.

## Miss Frei Weds Otis McCullough

Melba Evelyn Frei, well-known Daly City girl, said "I do" to Pharmacist's Mate Third Class Otis McCullough on Saturday, March 3, at a simple, but beautiful ceremony at the bride's home, 280 Los Banos avenue. The marriage was performed by Reverend Clive M. Saiz, and the bride was given away by her father, Carl Frei.

The bride wore a white satin dress with a finger-tip veil, and carried a bouquet of white gardenias.

Her attendant was Miss Dorothy Hammar, Daly City, who was dressed in blue and carried pink carnations. Best man was the groom's brother, Seaman First Class N. L. McCullough, now stationed at Vernalis Air base.

A wedding dinner was given by the bride's parents after the wedding, at the Riviera. Sixty guests were present.

The bride, daughter of Mr. and Mrs. Carl Frei, 280 Los Banos avenue, is a graduate of Jefferson Union High school. She also attended San Mateo Junior college. The groom, son of Mrs. Belle McCullough, attended school at Coolidge, Arizona. He entered the service in December, 1942 and was overseas in the South Pacific for 10 months.

The couple left Sunday for Stockton, where the groom is stationed.

## Florence Stockton Weds Lt. Finney

### Grubs Costly

In 1942, 35 per cent of all cattle hides in the United States—some 6½ million—were graded as grubby. A grubby hide is one that has five or more grub holes. Grubs pepper holes in the back leather, the thickest and most valuable part of the hide.

## Daly City Men In Luzon Battle

BAMBAN, Luzon, P. I.—Artillerymen of the 143rd (California) Artillery battalion have received a commendation from their commander, Lt. Col. Wallace H. Nickell, Berkeley, for efficiency as a fighting team.

Referring to the support the 143rd (Red Devil) gave to doughboys of the 40th Infantry division during its first month of fighting on Luzon, P. I., which ended February 9, Colonel Nickell's commendation said:

"The performance of this battalion during the past 30 days has been very gratifying. It has been clearly demonstrated that you are a part of a well trained, efficient fighting team.

"Each of you can feel proud of the part you have individually played and of the splendid work done by the battalion in providing support to the infantry, where and when needed.

"Your fire has knocked out at least 30 enemy artillery pieces,

numerous machine guns, strong-points, observation posts, supply dumps, and other installations, to say nothing of enemy personnel. A conservative estimate would be that your guns have killed 500 enemy troops.

"However, your most important work has been accomplished in aiding your infantry in taking objective after objective and in protecting it from counterattack. Many such attacks have been stopped cold before reaching our troops.

"Your timely and accurate fires have inspired complete confidence from your infantry teammates. As your battalion commander, I am proud of you and wish to thank each of you for doing such a splendid job. Good shooting!"

Soldiers from Daly City in the 143rd Field Artillery battalion are: Private Edward W. Bringel, 60 Vendome avenue; Private Fred W. Klotz, 188 Hillcrest drive; Technician Fifth Class Reginald P. Selby, 108 Los Olivos avenue.
